**Call to Order:** Meeting called to order by Jane Conroy.

**Review of Onsite Packets:** There were no On Site packets

**Add/Rev to Agenda:** There were no additions/revisions to the agenda.

**Approval of Minutes:** Motion #1: I move, to approve the March 13, 2007 minutes as written by J. Walsh 2<sup>nd</sup> J. McCart

**Unfinished Business:**

**Status of ARNP Regulations:** The ARNP education regs have been approved and are in the NPA. Remaining regulations were held by the Board in March. Jane shared that the JCRR had sent a notice this week that they are satisfied with the response to their questions. Jane related that she doesn't want to rush the regs and compromise patient safety or ARNP practice. She shared that she has done some additional research that she will share with the Board tomorrow. Some of the things she was looking at was why "medical plan of care" was used in one place and "medical aspects" in another – why wasn't the same term used and neither of them are defined in statute. She also stated that we need to somehow come up with how ARNPs practice the healing arts and shared some of the definitions from the healing arts act related to protocols. She indicated that the options the board had were to move the regs forward (which she hopes doesn't happen), rework the regs as a board or return the regs to the committee.

**60-11-118:** Discussed issues related to the length a temporary permit should be issued. The LPN an RN regs limit the permit to 120 days and it was decided by consensus that the ARNP temporary permit should be for the same period of time.

Also the word 'certification' should be changed to read 'certificate of qualification'. Motion #2 – I move, to accept 60-11-118 as revised to go to the board on 6-20-07 by B. Moffitt 2<sup>nd</sup> A. Siple.

Also discussed RNA temporary permit time line and how test results were received; currently, pass results for RNA's with Kansas address and those who request results be sent to Kansas are received; no failure results are received. Patty will contact CCNA for information on how failure results could be received and will prepare additional information on RNA temporary permit timeline.

60-13-104: 60-13-104 was reviewed no changes were requested. Motion #3 – I move, to take to the Board regulation 60-13-104 as written by J. Walsh 2<sup>nd</sup> B. Moffitt.

**New Business:**

Legislative review of Statutes/Regs: There was discussion regarding the CCNA 2007 Candidate Handbook. Motion #4 – I move, that we accept the standard & content outline of the examination administered by the council on certification of nurse Anesthetist by J. McCart 2<sup>nd</sup> A. Siple.

60-11-116: It was decided to replace 'certification' with 'certificate of qualification' and to be brought back to the September meeting. Patty will do a search on all the ARNP regs for reference to "certification" and bring to the September meeting

60-13-103 change in language was discussed, spelling error noted in 60-13-103 (counsel). Bring back for review at the September meeting.

60-13-110 No changes

KAR 60-11-103: & 60-11-105: These regulations were discussed and it was decided by consensus to return them to the agenda for September. Patty will review the "related field" degrees for both midwives and anesthetists and present at the September meeting. Will also review the ACNM standards and curriculum for possible language change in 105 (c) to include through the lifespan.

APRN Roundtable: Patty summarized the NCSBN APRN Roundtable and the proposed ANCC credentialing changes. The use of BC for board certification will read as ANP-BC, FNP-BC, WHNP-BC.
