It was moved to approve the curriculum changes presented by Lafayette County Community College PN to RN articulation program. Motion #6 Walsh/Streit Adopted.

KU-RNA:

Donna Nyght Interim Director and Carol Elliott former Director for the University of Kansas RNA program presented KU's request for changes in the Nurse Anesthesia Program.

### **University of Kansas Nurse Anesthesia Program RNA & ARNP Graduate Education, Master's Level**

Rationale for Major Curriculum Changes to Six Courses:

#### **1. NURA 810, Foundations of Anesthesia Practice**

- NURA 810 is to be reinstated to the program.

- With expansion to 36 months and the anticipated DNP degree, an additional course with practice content is desired by the faculty.
- In evaluations and class meetings, the students have requested more lectures.
- NURA 810 was previously used in the program and has been approved by the KSBN

**2. NURA 833 Basic Principles of Anesthesia Practice**

- With the anticipated progression of the program to entry- level DNP, the assessment and monitoring content of the NURA 833 has been moved to NURA 834, Advanced Assessment and Monitoring in Anesthesia
- Decreased the number of credit hours from 4 to 3 due to content being removed

**3. NURA 834 Advanced Assessment and Monitoring in Anesthesia**

- Assessment and monitoring content has been expanded and revised to meet the requirement for the future DNP degree
- All assessment and monitoring content is now in NURA 834. Some of the content was moved from NURA 833, Basic Principles of Anesthesia Practice.
- Increased the number of credit hours from 2 to 3 credits.

**4. NRSG 812 Advanced Pathophysiology (3 credits) replacing NURA 807 Advanced Pathophysiology (2 credits)**

- NURA 807,Advanced Pathophysiology, has previously been taught by Caryl Goodyear-Bruch, PhD, as NURA 807. Due to other commitments, Dr. Goodyear-Bruch is unable to continue to offer NURA 807 to students in the program.
- Nurse anesthesia students will take NRSG 812, Advanced Pathophysiology, through the University of Kansas School of Nursing.
- NRSG 812 has been previously approved by the KSBN.
- The number of credit hours for Advanced Pathophysiology in the program has changed from 2 to 3, appropriate with the anticipated DNP degree.

**5. NURA 891 changed from Introduction to Research to Introduction to Theory and Research Methods**

- NURA 891 is an approved course titled Introduction to Research.

- The course has been reorganized to include theory and evidenced-based practice content.
- The course title has been changed to more accurately reflect the content.
- The number of credits has remained unchanged.

**6. PHCL 761-766 Pharmacology courses replacing NURA 850 & 851**

- NURA 850 and 851 were both 3 credit hour courses taught within the Program by Michael Gordon, PhD who has retired.
- Arrangements were made for the Department of Pharmacology at the University of Kansas Medical Center to teach the SRNA's PHCL 761, 762, 763, 764, 765, and 766.
- Each of the PHCL courses is 1 credit hour, thus the total credit hours of instruction in pharmacology is unchanged (six credit hours total).
- This series of pharmacology courses were formerly used in the Nurse Anesthesia program and have been previously approved by the KSBN. It was moved to approve the changes presented by the KU RNA curriculum program. Motion #8 Moore/Streit Approved.

WSU:

Wichita State University requested the following two major curriculum changes:

1. Request change in course name, # of credit hours, course description and objectives for N 320
2. Request change in program outcomes, course sequencing, some course names, course objectives, and course descriptions to keep curriculum current. (see curriculum comparison chart)

It was moved to approve the requested changes for Wichita State University in their undergraduate nursing program. Motion #9 Bonnel/Moore Adopted.

Midwestern College:

Midwestern College – Wichita represented by Anthony Ndungu, Director of Education and Cheryl Ashel, Director of Nursing presented Midwestern's plans for adding a nursing program to the school. It was moved to accept the application to start a PN program at Midwestern College. Motion # 10 Walsh/Moore Adopted.

Diane Niedermayer:

Diane Niedermayer has requested that the education review be waived. It was moved to approve the waiver for Diane Niedermayer. Motion #11 Moore/Streit Adopted.

Yusura Salman:

Yusra Ibrahim Salman has requested a waiver of his education review. It was moved to accept the Academic

Evaluation Waiver request from Yusara Ibrahim Salman  
Motion # 12 Bonnel/Cook Adopted.

Robert Okoye:

It was moved the request to take the PN Exam from j.  
[Robert C.] Okoye be declined based on the length of time  
that has elapsed since completion of the practical nursing  
education. Motion # 13 Cook/Streit Adopted.
