

SPECIAL INSTRUCTIONS FOR NURSES EDUCATED IN COUNTRIES OTHER THAN THE UNITED STATES

Licensure in Kansas is mandatory to practice nursing. Applicants may not practice professional or practical nursing in Kansas until licensed or issued a temporary permit by the Kansas State Board of Nursing. The practice of nursing in the state of Kansas without a license is a violation of statute and violators will be prosecuted. Licensure in another state, territory or country does not grant applicants the privilege of practicing nursing in Kansas.

K.A.R. 60-3-106. Licensure qualifications.

- (a) As part of the application process, each individual applying for licensure in Kansas who is a graduate of a foreign nursing school shall submit that individual's education and licensure credentials for evaluation to the commission on graduates of foreign nursing schools (CGFNS) or some other credentialing agency approved by the board.
- (b) Any individual applying for licensure in Kansas who is a graduate of a foreign nursing school in which instruction was not in English may be granted a license if that individual meets all other requirements for licensure in effect at the time of application and shows proof of proficiency in English by passing any of the following:
